

Gators Hurdle Fresno on Way Up (See Sports)

Now It's Up to You

Editorial

Tomorrow the students of San Francisco State go to the polls to decide the fate of the extremely important universal card fee at this college.

Since an affirmative vote on the card measure will affect every student at the college, it is essential that the election represents the attitude of the entire student body. In an unofficial straw vote conducted on campus last year to determine whether the students were in favor of the universal card, only 19 per cent of the student body voted. That polling was overwhelmingly in favor of the card, and, if it had been official, would have resulted in the measure's being imposed on the entire student body.

All a student needs to qualify him for voting in tomorrow's election is a library card to show that he is duly registered here. There is no excuse for any student not voting.

Whether you vote for or against the card, make sure you do vote and make your voice heard.

S. F. State faces an important decision tomorrow; the money the college needs to carry on its activities can only come from a universal card fee. The defeat of the card measure will mean the slashing of all department budgets, and a virtual end of all extra-curricular activities.

It's your college, and it's up to you whether or not it gets the financial backing guaranteed by the universal card which the regular student body card has failed in providing.

Tomorrow's election decides, too, whether State will ever rise above being a second rate college when it comes to providing top flight activities for its students.

The college needs the money, the students need the activities, but the election is up to you.

Your vote counts, make sure it is counted in the final tabulation.

Five Junior Prom Queen Candidates Vie in Election Saturday Night

Candidates for this year's junior prom queen contest were announced yesterday by prom chairman Mary Ann Earl. Alpha Chi Alpha is sponsoring Beverly Moore; Alpha Omega and Kappa Omega, Burley Halloran; Bib 'n' Tucker, Gail Wendt; Phi Lambda Chi, Rachael Durant; Sigma Delta Gamma, Dolores Buzdon.

Voting will take place as students enter the prom, which will be held this year at Green Hills Country club in Millbrae, Saturday, Dec. 1, from 9-11.

Phil Favors and his orchestra will provide the music for the affair, which is to be semi-formal. Bids are set at \$2.25 per couple.

Co-chairmen of the affair are Mary Ann Earl and Burley Halloran. Marjorie Morrison is in charge of publicity; Burley Halloran, bids; Stan Culligan, tickets; Al Redsum, arrangements.

Bids are now on sale in Hut 4B and in the basement of College hall.

Dean Bergstresser Issues Report Aimed at Clearing Up Misunderstanding on Compulsory Attendance

In an effort to clear up a misunderstanding among students and faculty concerning compulsory attendance, Dean J. L. Bergstresser recently sent out a report.

According to the notice, the only cases that should be referred to the student personnel office for investigation are those in which the instructor is unable to ascertain the reasons for excessive absences and/or work out a satisfactory solution of the attendance problem with the student. It is, according to Bergstresser, of special importance for instructors to report such cases of unexplained and unexcused absences for investigation when the student is obtaining G.I. benefits from the V.A., or when he has been deferred by his selective service board.

Tickets for the annual Humanities dinner, scheduled this year for Dec. 13, as part of the Christmas Cheer week sponsored by the Division of Humanities.

RECRUITING LIEUTENANT DUE ON CAMPUS DEC. 3

Officer Training Highlights Marine Reserve Program

This is the fourth in a series of articles released by the Den of Men's office on students and the armed services.

If the men students on campus want to know what makes an ideal leatherneck junior officer, here is the recipe given by 1st Lieutenant Karl D. Morrison in charge of recruiting in this area.

"The ideal Marine corps Junior officer," said Lt. Morrison, "is 23 years old, has had combat experience, is five feet ten inches in height, is a college graduate or an enlisted man of four years service who can pass the college equivalent test, has the required leadership qualities, and would rather be a Marine corps officer than anything else in the world."

"Not all Marine officers necessarily fit this category," Lt. Morrison was quick to point out. "That is the type of a man the Marine corps would select as its 'ideal.' It's really a composite of all the things we look for in enrolling college men in our officer training programs."

Junior officers don't come that

way full-blown. We take the best raw material available and mold it in a time-tested pattern. We're pretty proud of the results."

The principal sources of Marine Corps Reserve officer material are the Officer Candidate course and the Platoon Leaders class.

The Officer Candidate course is open to college seniors or graduates in a field other than medicine, dentistry or theology in an accredited college. Students must be at least 20 years old, and less than 27 years old on July 1 of the year in which commissioned. They must be citizens of the United States. If a student is a veteran, he must have an honorable discharge from the service with which he last served. Entrants must not be members of any component of the armed forces. All must be able to qualify physically.

Upon graduation from college, enrollees are sent to Quantico, Virginia, for ten weeks of intensive basic training before receiving commissions as 2nd Lieutenants. Afterward they take five months of specialized officer schooling.

Undergraduates of an accredited college or university (with the exception of seniors) pursuing a course of study in a field other than medicine, dentistry or theology, are eligible for enrollment in the Platoon Leaders class. Those who enroll must be at least 17 years of age and less than 25 years old on July 1 of the year in which they expect to receive their degrees. Other regulations are the same as those listed for the Officers Candidate school. Two summer training periods of six weeks each are attended in successive summers. Commissions are received upon graduation from college.

Students interested in the Women Officers Training course may obtain information from Lt. Karl D. Morrison, Federal Building, San Francisco, Room 32. Telephone HE. 1-1429.

Lieutenant Karl D. Morrison will be on campus in the main hall of College Hall, Monday, December 3, to answer questions and give information on the Marine Corps program. He will also do recruiting for the Reserve programs.

Universal Fee Hinges On Election Tomorrow

Band to Premiere New Compositions

Season's First Concert
Dec. 4 at Commerce High

The San Francisco State college symphonic band will premiere two modern works for concert band at its first concert of the season on Tuesday, December 4, at Commerce high school auditorium, beginning at 8:30 p.m.

One of these new works is a complete Symphony for Band, written in three movements, by Mr. Walter Tolleson, who recently received his M.A. in composition at the college. Variations on a Western Tune was composed for the band by Mr. William Ward, faculty member at the college.

Conducting honors will be shared by Edwin C. Kruth, regular conductor of the band, and Mr. Frederick Pratt, assistant conductor. The program will include Bach's Toccata and Fugue, and compositions by Strauss, Handel, and Souza.

Last year, while on tour throughout California, the San Francisco State band played for over 60,000 people, bringing music to small communities as well as larger cities.

Recently, the band was chosen by the Music Educators of Northern California to pay for its conference at Oakland.

This year the band consists of over 90 musicians, many of them professionals, and almost all enrolled in the music education program at the college.

Tickets for the annual Humanities dinner, scheduled this year for Dec. 13, as part of the Christmas Cheer week sponsored by the Division of Humanities.

Two-thirds Affirmative Vote Required For Adoption of Bill

Students at San Francisco State will decide tomorrow whether or not they will establish a universal student body fee at this college, in an election open to all regular students (regular students have been defined as students enrolled for more than six units).

The question voted upon will be: Shall the Director of Education fix a membership fee in the student body organization of San Francisco State college which shall be required of all regular students enrolled in the state colleges?

TWO-THIRDS VOTE

If two-thirds of the voters vote in the affirmative, the card will go into effect next spring. A universal fee can be invalidated, however, if it does not work in practice, upon the initiation of a referendum by 35 per cent of the students.

Polls will be located at the Corrective room and at the main entrance to the gym at the new campus. The Honor Society, under direct supervision of the administration and faculty members, will conduct the voting and entire proceedings, in accordance with the regulations set up by the Director of Education.

A library card is the only identification needed by the student to vote.

ASSEMBLY BILL 827

Establishing a universal fee is made possible by Assembly bill 827 (Geddes) which was passed by the state legislature in June, 1951, and approved by Governor Warren a month later.

All state colleges, except Cal Poly, which has already held an election and established the fee, will be taking a vote at approximately the same time, and where the vote is successful, the bill will go into effect.

At a straw vote held last spring

to determine student sentiment, San Francisco State led the other state colleges with an 83 per cent affirmative vote. Chico and Humboldt State had the lowest affirmative votes with 60 per cent of their students voting yes. All results of the straw elections were in the affirmative.

A NECESSITY

The move for a universal student body fee got underway last fall when interested student body presidents met and agreed that such a fee was necessary to maintain student activities.

The bill was passed by the legislature in June, 1951, and signed by Governor Warren a month later.

Student body fees at State have since been reduced to \$6.50, in anticipation of the universal card in the spring.

For the results of the second pre-election opinion poll, conducted by the Golden Gater, turn to page three.

Sigma Delta Cake Sale

Sigma Delta Gamma will hold a home-made cake sale on Thursday, November 29, from 11 a.m. to 1 p.m.

The buffet style sale will be held on the east balcony of the Recreation Center at the old campus.

OFFICIAL NOTICE

All regular students of San Francisco State college are hereby notified that pursuant to the provisions of Assembly Bill 827 and in accordance with regulations issued on Nov. 2, 1951 by the State Director of Education—

1. An election is called for Wednesday, Nov. 28, 1951 for the purpose of obtaining a student vote on the following question: "Shall the Director of Education fix a membership fee in the student body organization of San Francisco State college which shall be required of all regular students enrolled in the college?"
2. Only regular students of San Francisco State college (students registered for more than six units) shall be entitled to vote at the election.
3. The voting shall take place between the hours of 8 a.m. and 4 p.m. on Wednesday, November 28, 1951 in the Corrective room adjoining the Recreation center (formerly Women's gym, old campus), and in an auxiliary polling place at the main entrance of the gymnasium on the new campus.

J. PAUL LEONARD,
President.

Lack of Funds Again Hampers Board Budgeting

By Jack Healy
Business Manager of ASSFSC

The student Board of Control was faced again this year with the same problem that has come up every year when the task of allocating funds arises. There are always many more activities that should go on than there is money to finance them. The various divisions and subsidized groups of the college are constantly striving to put on programs that will interest and be of value to as many students as possible, but they cannot put on these programs without sufficient funds to support them.

There is a definite need for a program of student support that is evenly spread over the entire student body through a universal student body card fee—a program which is not dependent on a portion of the students for the support of a program in which all benefit.

Original budgets submitted to the Board of Control by the various departments and subsidized groups were considerably in excess of the anticipated income for the next fiscal year. This was due mainly to the thought that the universal student body card would be in effect this fall semester. As it turned out the card was not put into effect and these original requests had to be cut considerably. The income figure that the Board of Control worked with is based on a regular student body card sale this fall semester and the universal card in the spring of '52. If the students do not vote in the universal fee this fall the budgets will have to be cut again with the result that it will seriously impact the planned activities in all areas next semester. Members of the board had a great deal of difficulty in cutting the budget because they felt that in the vast majority of cases the requested budget was completely justified. In every budget cut the board operated with the idea of maintaining all of the activities, and, where possible, cutting down on the trimmings—any items that it would be nice to have, but could possibly be done without.

The board was very pleased with the cooperation that was shown by all of the budgeted groups. The drama department, the Physical Education department, Music Federation, Speakers' bureau and all of the others, have done a considerable amount of planning to bring to the students a well rounded program in all areas. It is the hope of the board that the cut in the budget at this time will not discourage these groups from planning such well rounded programs in the future.

Following is the entire budget as approved by the Board of Control on October 21 and the Board of Directors on October 22. It covers the entire fiscal year from June 1, 1951 through May 31, 1952.

Don Johnson Appoints Thirteen Staters Freshman Camp Counselors

Thirteen qualified San Francisco State student leaders have been chosen as Freshman Camp counselors by a committee composed of Camp Director Don Johnson, Assistant Directors Maurice Besse and Pat Gilkerson, and Phyllis Glyer, faculty representative.

Chosen from thirty candidates, the counselors were selected by the committee at a meeting held Wednesday, November 14. Selected as camp counselors are Athletic Director George Gannals, Entertainment Director Nerry Wilk, Ethel Ramsdell, Al Crowley, Virg McDowell, Maryann Earl, DeTie Stanford, Willis Wood, Harry Redlick, Al Henderson, Rosemary Malone, Pat Foster, and Scarie McDowell.

The committee also announced that 25 of the current low freshman class will be permitted to attend

the camp with the incoming students. Applications will be accepted on a "first come first serve" basis. Further information may be obtained in Hut 4B.

Delta Sigs Elect Officers

First meeting of the newly-organized home economics sorority Delta Sigma Nu was held recently. A constitution was adopted and officers elected. Harriet Pass was elected the first president of the organization; Carol Eystad, vice-president; Dorothy Emerson, secretary; and Margaret Thom, treasurer.

Any girl interested in becoming a member should contact the above mentioned officers or the faculty sponsors, Miss Gertrude Lehmann and Miss Grace Dean.

Bib 'n' Tucker Presents Annual Fashion Show Thursday

Bib 'n' Tucker's second annual "Surprise Package" fashion show will make it possible for a group of underprivileged children to have a Christmas party again this year. The show will be held Thursday, November 29, from 1 to 2 o'clock in the Frederic Burk auditorium.

A new precedent is being set in this year's fashion show with the appearance of guest models representing five sorority groups. These models and the eleven Bib 'n' Tucker models will show "Round the Clock Fashions" from Hastings and ski togs from the Viking Shop.

Cathy Hanoum, Bib 'n' Tucker president, will direct the show. Gail Wendt is in charge of publicity, and Fran Baker is chairman of the decoration committee. Mrs. Ruth Witt-Diamond is faculty sponsor. Marilyn Pasini of Bib 'n' Tucker will provide the music for

the show. Lighting is under the direction of Mr. Clarence Miller, and the use of props is being supervised by Mr. Dick Glyer.

Guest models for "Surprise Package" are Lois Watson, Alpha Omega; Kay Dennis, Alpha Chi Alpha; Candy Himes, Kappa Theta; Carol Lombard, Sigma Delta Gamma; and Mary Sheppard, Phi Lambda Chi.

Bib 'n' Tucker models are Evie Benson, Pat Gilkeson, Joan Lowrey, Sandy MacKay, Sharon McDonnell, Ethyl Ramstad, Bonnie Rolphe, Barbara Tadlock, Joan Tait, Virginia White, and a Barbara Woolley.

A 25 cent admission fee will be charged to help finance the annual Bib 'n' Tucker, Phi Eta Chi Christmas party for underprivileged children. All State students are invited to attend.

Second Pre-election Poll Shows More Staters Favoring Affirmative Vote on Universal Card

The Gater pre-election poll continues on its second run. The results still seem to be in the affirmative.

Burk Faraola, Former ASSFSC student body president:

A universal student body card will more evenly distribute the cost of the entire activities program. In the past the expense of the program has been borne by those students who have volunteered to buy the card. Under the universal plan everyone will equally share the expense and benefits at much lower cost per individual.

Don Johnson, ASSFSC student body president, senior:

The future of the entire student activities program depends on the passing of this bill.

The universal card will do a great deal to improve the activity program of the student body. It

will enable the various departments and subsidized groups to broaden their activities to include many more students than they do now. It will enable your student organization to plan activities far in advance. It will spread the cost of the program evenly over all of the regular students and allow limited students to participate if they wish a "yes" vote on your part will help assure a broader and better program in all areas.

Bob Katz, Administrator of Student Affairs:

The establishment of a universal card should greatly increase student participation in activities and give us the foundation for building a strong interesting program. I believe it is THE most important step the student body can take.

Dick Sperison, Senior class president:

A universal student body card will give State that extra push it has needed for many years and I am all for it.

Christine Ziemann, junior:

The necessity of the acceptance of the universal card for the benefit of the entire student body is quite evident. The experience that is offered by all social, cultural and athletic events of the college will be unattainable unless we can expand our activities. It is the duty of each student to support this plan.

Willis Wood, Activities Commissioner, junior:

A universal student body card would give us the activities we need to make State outstanding. Without it we can never hope to achieve this goal.

Pat Gilkeson, junior:

The Associated students provide something for every student on campus. Not only the obvious things like athletic programs, and the student bookstore and co-op, but the Associated students also provide the financial backing for Kampus Kapers and other drama activities, for music trips and local concerts and for the campus publications and the yearbook. All campus organizations use some of the facilities of the S. B. offices. The health service will take care of you if you get a cold. These things are used and enjoyed by all the students on campus yet only about half of the students on campus are forced to pay for them. All private institutions realize the importance of the Associated students and automatically deduct funds from the tuition for student activities. California is the only state without the universal card in the state college. I think it's about time S. F. State has a universal card fee.

Don Condon, sophomore:

The universal student body card is superior by far to the old system of voluntary student body cards. Because it is less expensive, it allows for the expansion of student activities, and makes possible the extension of athletics among other things. The support of the student body is a must in the coming election.

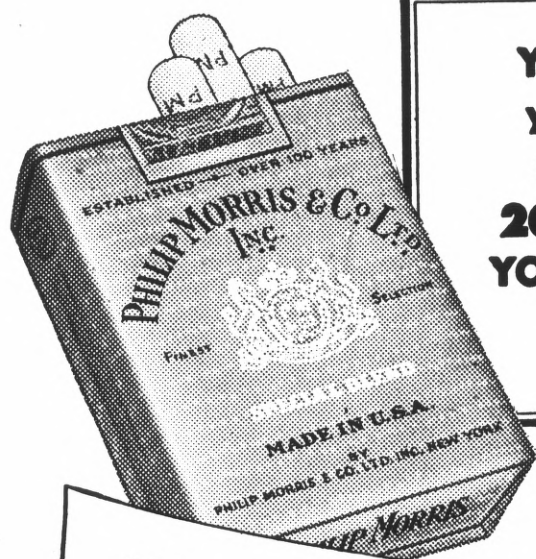

Virgil Cowart, freshman:

I am all for it, as it is an opportunity for every organization to have a bigger budget for greater and improved activities. It will also help State college as a whole. And there will not be so much noise out of the "Emperor" Maurice Besse.

Elem. Teachers' Tests Due Dec. 1

Mr. Ward Nicholls, personnel director for the San Francisco city schools, has announced Saturday, Dec. 1, as the date for administering the written examinations for elementary school teachers. Students who will be granted their credentials in January are encouraged to take these examinations.

No advance registration is necessary. Applicants simply appear at the Commerce high school at the appointed time: 9:00 a.m. Applicants must not have reached their 36th birthday by February 28, 1952.

According to Miss Rose Marie Gruby of the Placement office, students must have the following:

- A photograph to attach to the application form which is handed out at the time of the examination.
- A transcript of record through August, 1951; to be obtained from the registrar.
- A confidential placement file. Students should have this file complete, and request its transmission to Mr. Nicholls so that he may have it before Dec. 15.

Applicants who took the examination in the spring and failed to place should not take this examination. Applicants who will not receive their credentials in January should not take this examination. These people may take the examination in the spring.

No detailed descriptions of secondary lists to be made up have been received at the Placement office here, but the examinations will be given on February 16. Secondary candidates who wish to apply for positions in the San Francisco city schools should keep this date open.

Ed. Dept. Masters' Exams. Scheduled

Master of Arts candidates were reminded this week by the Division of Education that if their major field is education they will be required to take the qualifying examination for this degree.

The first test will be held on December 1 in Room 125, Anderson hall, from 9 a.m. to 2 p.m. There will be three of these exams given in 1952, on April 19, July 12, and December 6.

Also scheduled for 1952 is the American history test, set for April 10, and July 17. The Education division warned that students who have not yet filled this state requirement for graduation from college should do so at the earliest possible time.

The Boiler Room

UNIVERSAL CARD

Dear Editor:

Pertaining to the universal card issue, cannot, I cannot hold to the idea that the Gater has made a successful survey of the issue at hand. I do not deny that the law will not be a successful enterprise, nor will I admit that the law will be the cardinal factor that will enrich the school budget. However, I must adversely criticize that no organization can exercise such power to claim they have obtained the affirmative vote on any issue when they have not let the direct initiative be played by the student body.

Yours truly,
John Simpson.

UNUSUAL CAREER OPENING

In an uncrowded profession with excellent earning and growth opportunities offered a graduate student. Opening for men or women—man and wife—or wives of undergraduates, with Educational Division of Marshall Field owned enterprises. Personal interview arranged. Write fully giving phone, age, and experience to C. C. Rea, Western Manager, 354 - 21st St., Oakland 12, Calif.

Seven Boxing Bouts Slated For Today's Mural Finals

Seven action-packed fights are scheduled for today's intramural boxing championship bouts. The first bout is scheduled for 12:30 at the new campus gymnasium.

Two of Coach Joe Verducci's footballers will participate in feature bouts. Jerry Crowley, 165 pounder, will meet a tough foe in basketballer Chick Delee while Fullback Ed Coats tangles with a clever Glenn Camper.

In another feature bout, Bob Kaffke, Pacific Coast Intercollegiate tournament vet, will box in an exhibition against an as yet unnamed foe.

Elliot Jacobs and Dick Fiore will clash in the 155 pound All College class.

During last week's semi-finals, Leo Paoli decisioned Mario Ballistrasse and Bob Sherman beat Don Bare in the 145 pound division. Jerry Crowley and Chick Delee triumphed over Roger Newsom and Tom Hansen in the 165 pound competition while Elliott Jacobs pounded out a win over Harry Redlick in the 155 pound All College class. Today's card:

125 lbs.—Milt Swift vs. Rich Stanley.

135 lbs.—Dave Twain vs. Rudy Samson.

145 lbs.—Leo Paoli vs. Bob Sherman.

155 lbs.—Fred Berensmeir vs. Bill Lewis.

165 lbs.—Chick Delee vs. Jerry Crowley.

Heavyweight—Ed Coats vs. Glenn Camper.

155 lbs.—All College Dick Fiore vs. Elliot Jacobs.

State-Ensor AC Basketball Game Tomorrow Night

Striving for the second win of their two practice games, the Golden Gator basketballers will take on a strong Ensor Athletic club tomorrow night at the new campus.

Dan Farmer's hustling hoopsters dropped a tall, deadly West Coast Industries quintet 62-67, last Friday night on the new campus' gleaming hardwoods. Although it was the points gained through the Gators' wide-open floor play that won the game, it was the uncanny sharp-shooting of John Mayfield, who didn't even start the game, that averted an upset in a game that State was supposed to breeze through as a tune-up for the intercollegiate season.

Joe Moore's JV's looked terrible in beating a bunch of old men and beardless youths from Dow Chemical 53 to 31, in the preliminary.—L. L.

Fresno Upset Gators' Best Entry Into CCAA League Looks Good After 20-7 Win

By Stan Culligan

Saturday night at Ratcliffe stadium in Fresno, the San Francisco State Golden Gators climaxed their most successful football season by defeating the highly rated Fresno State Bulldogs by a score of 20 to 7. This win gave the Gators a record of eight wins and two losses—the finest season in the history of the sport at San Francisco State. It should also be noted that this record was accomplished against the toughest schedule ever.

The Gators probably played their best game of the season against Fresno State. For the most part it was a terrific defensive battle, with neither team able to gain consistently.

SCORE IN FIRST QUARTER

The first Gator score came in the last minutes of the first quarter. The drive carried 76 yards in 12 plays. Sam De Vito completed 3 out of 4 passes in the drive with the pay off coming on a jump pass over the middle to end, Dick Payne who gathered in the ball on the 5 yard line and went in to the end zone. This play was good for 12 yards and a touchdown. Al Endriss ran the conversion over to make it 7 to 0.

In the first quarter the Gators lost the ball on downs on the Bulldog 1 foot line. Fresno had a drive halted by the first half gun. A long pass from Bulldog QB, Fred Sommers to End Marlin Binger

was ruled complete on the S. F. 14 yard line due to interference. But 3 plays later, when the gun sounded ending the first half, Fresno was on the S. F. 21 yard line.

TWO QUICKIES

The Gators struck quickly after taking the second half kick-off. On the first play from scrimmage, John O'Shea found a nice hole between right guard and tackle. He scooted into their secondary, cut right and headed down field 67 yards to a touchdown. Ed Coats kicked the extra point, and the Gators were out in front 14 to 0. The Bulldogs took the kick-off back to their own 19. Three plays netted 7 yards, so fullback John Ovatt punted to S. F. half, Jewell McKee, who returned the ball to the S. F. 40.

John O'Shea hit for 4 yards. Then Sam De Vito passed to Dick Payne on the Fresno 17 yard line; he was finally pulled down on the four yard line. Four plays later O'Shea took a pitch out and ram-

bled into the end zone for his second, and the Gators' third touchdown of the evening. The conversion failed, so San Francisco led 20 to 0.

Three minutes into the final period, the Bulldogs got on the scoreboard. Ken Carter, Fresno Q.B. threw a pass from his own 48 to Larry Willoughby on the S. F. 40, and he sped down the sidelines to score. Don Vaughn kicked the extra point to make it 20 to 7.

Coach Joe Verducci said that this was truly a team victory. Everyone did his job well and they worked together. The whole team was outstanding.

GATOR GREATS

Several exceptional feats were accomplished in the game. John O'Shea picked up 134 yards on the ground, the total for the Gators was 186.

Al Endriss intercepted his 12th and 13th pass to become tied with George Shaw of the University of Oregon for the National College Pass Interception record. The old record was 12 in one season by Hank Rich of Arizona State. The N. C. A. A. will of course have to pass on it.

Another feat that did not break any record, but was none the less outstanding, was Sam DeVito passing to his 12th touchdown.
